OUR STRATEGIC GOALS

01. ANYTHING IS POSSIBLE FOR ANYBODY

Every member of our community deserves the opportunity to be connected and engaged with the people and organisations around them; and everyone deserves the opportunity to learn, teach and be supported to improve their quality of life.

02. WE'RE ALL IN THIS TOGETHER

Genuine partnerships with a wide range of government, training and community organisations open opportunities that would not otherwise be offered to our communities, without duplication. It is crucial that we share what we know and equip community groups and organisations with the skills and knowledge to thrive.

03. AUTHENTIC LEADERSHIP

We are positioned to lead the way in inclusiveness, diversity and innovation; we have a clear vision of what a connected and engaged community looks like; and we are determined to pursue that vision.

04. GETTING ON WITH BUSINESS

We need to maintain strong systems and processes to keep the organisation running at optimum level; compliance with accreditation and funding bodies is vital; secure finances will give us the flexibility to explore new ways of investing in our communities; and excellent governance is required during the period of amalgamation and the expansion of responsibilities.
