About Us

MyCareCrew Home help is a Social Enterprise that provides clients with trusted lawn, garden and greenspace maintenance services whilst delivering positive social impact.

As part of our upskilling & social inclusion opportunities for people with disability, our Social Enterprise can provide a team of highly skilled people trained to work in a variety of settings and deliver exceptional quality service at a competitive price.

We love to work closely with our clients to understand their specific needs and engage in the best processes to ensure safety and exceptional outcomes. Our strong track record in maintaining diverse large-scale gardens and open spaces along with the adoption of the highest industry standards and OH&S procedures will ensure total satisfaction whilst delivering positive social impact.

From simple mowing to large-scale ground maintenance, we can deliver.
